## UNIT I: Introduction to Anatomy, Physiology, and the Manual Therapies 1

### 1 Applying Anatomy and Physiology to the Practice of Manual Therapy 2

Levels of Organization 5

#### Homeostasis

Negative Feedback 7

Positive Feedback 7

#### Benefits and Physiologic Effects of Manual Therapy 9

Benefits 9

Physiologic Effects 9

Systems of the Body 11

### 2 The Body and Its Terminology 18

#### Orientation to the Body 21

Anatomic Position 21

Body Planes 21

Describing Location 22

Describing Movement 24

#### Common Anatomic Terminology 25

Prefixes, Suffixes, and Word Roots 26

Body Regions 28

Body Cavities 28

*Ventral Cavities* 29

*Dorsal Cavities* 30

#### Pathology Basics: Classifications and Terminology 30

Classifications of Disease 30

General Terminology 31

## UNIT II: Cells, Tissues, and Membranes 35

### 3 Chemistry, Cells, and Tissues 36

#### Chemical Components of Cells 39

Inorganic Compounds 40

*Water* 40

*Inorganic Salts* 41

*Acids and Bases* 41

Organic Compounds 42

*Carbohydrates* 42

*Lipids* 42

*Proteins* 42

*Nucleic Acids* 42

#### Structure of the Cell 42

Plasma Membrane 42

Cytoplasm 44

Nucleus 44

#### Cellular Processes 45

Transport Mechanisms 46

*Passive Transport* 46

*Active Transport* 46

Cellular Metabolism 48

*Anabolism* 48

*Catabolism* 48

Cell Division and Differentiation 48

#### Types of Tissue in the Body 50

Epithelial Tissue 50

Muscle Tissue 52

Nervous Tissue 53

Connective Tissue 53

*Cells* 53

*Fibers* 53

*Ground Substance* 54

Tissue Repair and Regeneration 55

## **4 Body Membranes and the Integumentary System 58**

### **Membranes 61**

- Connective Tissue Membranes 61
- Epithelial Tissue Membranes 62
  - Mucous Membranes 62*
  - Serous Membranes 62*
  - Cutaneous Membrane 63*

### **The Integumentary System 63**

#### **Layers of the Skin 64**

- Epidermis 65
- Dermis 67
- Subcutaneous Layer 67

#### **Accessory Organs of the Integumentary System 68**

- Hair and Nails 68
- Glands 69
  - Sebaceous Glands 69*
  - Sudoriferous Glands 69*
- Sensory Receptors 69

#### **Linking the Integumentary and Nervous Systems 71**

#### **Skin Conditions and Diseases 73**

- Common Contagious Skin Disorders 73
- Common Noncontagious Skin Disorders 74

#### **Aging and the Integumentary System 75**

## **UNIT III: Framework and Movement 79**

## **5 The Skeletal System 80**

### **Functions of the Skeletal System 83**

#### **The Skeleton 83**

- Axial Skeleton 84
- Appendicular Skeleton 86

#### **Bone Tissue and Structure 86**

- Bone Tissue 86
  - Compact Bone 87*
  - Spongy Bone 88*
- Bone Classifications by Shape 88
- Anatomy of a Bone 89

#### **Bones and Their Landmarks 91**

- General Landmark Terminology 91
- Head and Face 92
- Spinal Column 96
- Thorax 99
- Pectoral Girdle 100
- Upper Limb and Forearm 101
- Wrist and Hand 102
- Pelvic Girdle 102
- Thigh and Leg 103

- Ankle and Foot 105

### **Joints 107**

- Fibrous Joints 108
- Cartilaginous Joints 108
- Synovial Joints 108
  - Types of Synovial Joints 109*
  - Special Movements 112*

### **Aging and the Skeletal System 115**

## **6 The Skeletal Muscle System 118**

### **Characteristics and Functions of Skeletal Muscle 121**

#### **Structure of Skeletal Muscle 121**

- Skeletal Muscle Fibers 122
- Connective Tissue Components 123
  - Fascia 124*
  - Tendon and Aponeurosis 124*

#### **Physiology of Muscle Contraction 125**

- Sliding Filament Mechanism 125
- The Motor Unit: Stimulating Muscle Contraction 126

#### **Energy for Contraction 127**

- Creatine Phosphate 127
- Anaerobic Cellular Metabolism 128
- Aerobic Cellular Metabolism 128
- Muscle Fatigue and Oxygen Debt 129

#### **Types of Muscle Contraction 129**

- Tonic Contractions 130
- Isometric Contractions 130
- Isotonic Contractions 131
- Twitch and Tetanic Contraction 131

### **Movement and Muscle Assignments 132**

- Lever Systems 132
- Muscle Architecture 133
  - Parallel Muscles 134*
  - Pennate Muscles 134*
- Muscle Assignments during Movement 134
- Range of Motion 137

### **Major Muscles of the Body 138**

- Muscle Names 138
- Muscles of the Head and Face 139
- Muscles of the Neck 139
- Muscles of the Chest and Abdomen 144
- Muscles of the Spine 146
- Muscles of the Back 147
- Muscles of the Upper Arm 148
- Muscles of the Forearm 151
- Muscles of the Pelvic Girdle 153
- Muscles of the Thigh 154
- Muscles of the Leg 155

### **Exercise, Aging, and the Muscular System 158**

**7 The Nervous System 166****Functional Organization of the Nervous System 169****Nervous Tissue 170**

- Neurons 170
- Neuroglia 172

**Nerves 172**

- Cranial Nerves 174
- Spinal Nerves 174

**Impulse Conduction 179**

- Action Potentials 179
- Synaptic Transmission 181
- Neuronal Pathways 182
  - Reflex Arcs* 182
  - Neuronal Pools and Circuits* 183

**The Peripheral Nervous System: Sensory Structures and Functions 184**

- Photoreceptors 185
- Chemoreceptors 186
- Nociceptors 187
- Thermoreceptors 187
- Mechanoreceptors 187
  - Tactile Receptors* 187
  - Baroreceptors* 188
  - Mechanoreceptors in the Ear* 188
- Proprioceptors 189

**The Central Nervous System: Integrative Structures and Functions 189**

- Meninges and Cerebrospinal Fluid 190
- Spinal Cord 191
  - White and Gray Matter* 191
  - Dorsal and Ventral Nerve Roots* 191
- Brain 194
  - Brain Stem* 194
  - Diencephalon* 195
  - Cerebrum* 195
  - Cerebellum* 197
  - Limbic System* 198

**The Peripheral Nervous System: Motor Structures and Functions 199**

- Somatic Division 199
- Autonomic Division 199
  - Sympathetic Pathways* 203
  - Parasympathetic Pathways* 203

**The Nervous System at Work 205**

- Learning and Memory 205
- Interoception 206
- Pain 206

- Theories of Pain* 206
- Types of Pain* 207
- Pain Management* 209

**Aging and the Nervous System 210****8 Neuromuscular and Myofascial Connections 214****Neuromuscular Reflexes 217**

- Reciprocal Inhibition 217
- Stretch Reflex and Gamma Gain 218
- Inverse Stretch Reflex 221

**The Fascial System 223**

- Layers 224
- Fascial Patterns 225
  - Myofascial Trains* 225
  - Horizontal Bands and Planes* 226
- Mechanical Properties of Fascia 226
  - Viscoelasticity* 228
  - Thixotropy* 229
  - Piezoelectricity* 229

**Fascial Plasticity 231**

- Fascia as a Sensory Organ 231
- Intrafascial Smooth Muscle Cells 233

**Posture, Balance, and Coordinated Movement 234**

- Proprioception 235
- Postural and Phasic Muscles 235

**9 The Endocrine System 242****Hormones 245**

- Mechanisms of Hormone Action 247
- Control of Hormone Secretion 248

**Endocrine Glands and Tissues 249**

- Hypothalamus, Pituitary Gland, and Pineal Gland 250
- Thyroid and Parathyroid Glands 251
- Thymus 253
- Pancreas 254
- Adrenal Glands 254
  - Hormones of the Adrenal Cortex* 254
  - Hormones of the Adrenal Medulla* 257
- Ovaries and Testes 257
- Prostaglandins and Other Local Hormones 257

**The Stress Response 258**

- The Alarm Response 258
- The Resistance Reaction 260
- Exhaustion 261

**Aging and the Endocrine System 261**

**10 The Cardiovascular System 266****Blood 269**

- Plasma 269
- Formed Elements 270
  - Red Blood Cells* 270
  - White Blood Cells* 271
  - Platelets* 271

**Blood Vessels 272**

- Arteries and Arterioles 273
- Capillaries 274
- Veins and Venules 275

**The Heart 276**

- Heart Chambers, the Great Vessels,  
and Valves 278
- Blood Flow through the Heart 280
- Conduction System 280
- Cardiac Cycle 283
- Regulation of Heart Rate 284

**Circulation and Dynamics of****Blood Flow 285**

- Arterial Flow 286
- Capillary Flow and Exchange 287
- Venous Flow 288
- Regulation of Circulation 289

**Inflammation and Tissue Healing 290**

- Acute Stage 290
- Subacute Stage 292
- Maturation Stage 292

**Aging and the Cardiovascular System 293****11 The Lymphatic System 298****Lymph 302****Lymph Vessel Network 302**

- Lymph Capillaries and Pre-collectors 302
- Collector Vessels 304
- Lymphatic Trunks and Ducts 305

**Lymph Nodes 307**

- Structure of the Lymph Nodes 307
- Lymph Node Beds 307

**Lymph Formation and Movement 309**

- Pre-lymphatic Channels and Fluid Uptake 309
- General Lymph Flow 310
- Lymphotomes and Watersheds 311

**Types of Edema 312**

- Edema from Cardiovascular Dysfunction 313
- Edema from Lymphatic Dysfunction 314
- Edema from Soft Tissue Damage 315

**12 Immunity and Healing 318****Organs and Tissues of the****Immune System 321**

- Primary Lymphoid Organs and Tissues 321
- Secondary Lymphoid Organs and Tissues 322
  - Lymph Nodes* 322
  - Spleen* 322
  - Mucosa-Associated Lymphoid Tissue* 323

**Nonspecific Immune Defenses 324**

- Physical Barriers 324
- Chemical Barriers 324
- Internal Antimicrobial Proteins 325
- Phagocytes and Natural Killer Cells 325
- Inflammation and Fever 326

**Specific Immune Responses 328**

- Antibody-Mediated Immune Responses 328
- Cell-Mediated Immune Responses 328

**Acquisition of Immunity 329**

- Naturally Acquired Immunity 330
- Artificially Acquired Immunity 331

**Aging and the Immune System 332****Psychoneuroimmunology 332**

- Peptide Communication Network 333

**Thoughts on Holistic Healing 333****UNIT VI: Metabolic Processes, Elimination,  
and Reproduction 337****13 The Respiratory System 338****Structures of the Respiratory System 341**

- Nose and Nasal Cavity 341
- Pharynx 342
- Larynx 342
- Trachea 344
- Lungs and Bronchial Tree 345
- Alveoli and the Respiratory Membrane 346

**Ventilation and Respiration 347**

- Ventilation 347
- Respiration 349

**Control and Regulation of Breathing 349****Aging and the Respiratory System 352****14 The Digestive System 356****Functions of the Digestive System 359****Gastrointestinal Tract 360**

- Layers of the Digestive Tract 361
- Mouth and Pharynx 362

Esophagus 363  
Stomach 364  
Small Intestine 364  
Large Intestine 366

#### **Accessory Digestive Organs 368**

Liver and Gallbladder 368  
Pancreas 370

#### **Metabolism and Nutrients 370**

Carbohydrates 371  
Lipids 372  
Proteins 372  
Vitamins and Minerals 372  
Water 372

#### **Diet and Health 373**

#### **Aging and the Digestive System 374**

## **15 The Urinary System 376**

#### **Components of the Urinary System 379**

Kidneys and Ureters 379  
Bladder and Urethra 381

#### **Role of the Urinary System in Fluid Management 382**

#### **Urine Formation and Composition 384**

Filtration 384  
Reabsorption 384  
Secretion 384  
Composition of Urine 386

#### **Aging and the Urinary System 387**

## **16 The Reproductive System 390**

#### **Common Structures and Physiology 393**

#### **Male Reproductive System 393**

Scrotum and Testes 393  
Accessory Organs 395  
    *Duct System* 395  
    *Accessory Glands* 396  
Penis 396

#### **Female Reproductive System 397**

Ovaries 397  
Female Genitalia 398  
Fallopian Tubes, Uterus, and Vagina 398  
    *Uterus* 398  
    *Vagina* 399  
Menstrual Cycle 399

#### **Pregnancy and Childbirth 400**

Fertilization and Implantation 400  
Pregnancy 402  
Childbirth 403

#### **Aging and the Reproductive System 404**

## **Appendices**

#### **Appendix A: Benefits and Physiologic Effects of Swedish Massage 407**

#### **Appendix B: Innervation of Major Skeletal Muscles 411**

#### **Appendix C: Answer Key 417**

*Glossary* 429

*Figure Credits* 451

*Index* 455

*About the Authors* 475
