## Introduction—Tour Guide Tips 1

|   |           |
|---|-----------|
| <b>How to Use This Book</b>                             | <b>2</b>  |
| <b>Key</b>  | <b>3</b>  |
| <b>Palpation Hints</b>                                  | <b>4</b>  |
| Making Contact  | 4         |
| Working Hard vs. Working Smart                          | 5         |
| Less Is More  | 5         |
| Rolling and Strumming                                   | 6         |
| Movement and Stillness                                  | 6         |
| Movement as a Palpation Tool                            | 7         |
| When in Doubt, Ask the Body                             | 8         |
| <b>Creating Your Palpatory Journal</b>                  | <b>9</b>  |
| <b>Exploring the Textural Differences of Structures</b> | <b>10</b> |
| Skin  | 10        |
| Bone  | 10        |
| Muscle  | 11        |
| Tendon  | 13        |
| Ligament  | 13        |
| Fascia  | 14        |
| Retinaculum   | 15        |
| Artery and Vein   | 16        |
| Bursa   | 16        |
| Nerve   | 17        |
| Lymph Node  | 17        |
| <b>Learning Objectives</b>                              | <b>18</b> |

## 1 Navigating the Body 19

|                                |           |
|--------------------------------|-----------|
| <b>Orientation of the Body</b> | <b>20</b> |
| Regions of the Body            | 20        |
| Planes of Movement             | 21        |
| Directions and Positions       | 21        |
| Movement Terminology           | 23        |
| <b>Movements of the Body</b>   | <b>26</b> |
| Spine and Thorax               | 26        |
| Neck                           | 26        |
| Ribs/Thorax                    | 26        |
| Scapula                        | 27        |
| Shoulder                       | 27        |
| Elbow and Forearm              | 28        |
| Wrist                          | 28        |
| Thumb                          | 29        |

|                            |           |
|----------------------------|-----------|
| Fingers                    | 29        |
| Mandible                   | 29        |
| Pelvis                     | 30        |
| Hip                        | 30        |
| Knee                       | 31        |
| Ankle, Foot, and Toes      | 31        |
| <b>Systems of the Body</b> | <b>32</b> |
| The Skeletal System        | 32        |
| The Muscular System        | 35        |
| The Fascial System         | 38        |
| The Cardiovascular System  | 40        |
| The Nervous System         | 42        |
| The Lymphatic System       | 43        |

## 2 Shoulder & Arm 45

|  |           |
|--|-----------|
| <b>Topographical Views</b>                           | <b>46</b> |
| <b>Exploring the Skin and Fascia</b>                 | <b>47</b> |
| <b>Bones of the Shoulder and Arm</b>                 | <b>48</b> |
| <b>Bony Landmarks of the Shoulder and Arm</b>        | <b>49</b> |
| The Scapula  | 49        |
| The Humerus and Clavicle                             | 50        |
| <b>Overview: Bony Landmark Trails</b>                | <b>51</b> |
| <i>Trail 1—Along the Edges</i>                       | <b>52</b> |
| Spine of the Scapula                                 | 52        |
| Medial Border  | 52        |
| Inferior Angle                                       | 53        |
| Superior Angle                                       | 53        |
| Lateral Border                                       | 54        |
| Infraglenoid Tubercle                                | 54        |
| <i>Trail 2—In the Trenches</i>                       | <b>55</b> |
| Infraspinous Fossa                                   | 55        |
| Supraspinous Fossa                                   | 55        |
| Subscapular Fossa                                    | 56        |
| <i>Trail 3—Springboard Ledge</i>                     | <b>57</b> |
| Acromion   | 57        |
| Clavicle   | 57        |
| Acromioclavicular and Sternoclavicular Joints        | 58        |
| Coracoid Process                                     | 59        |
| Deltoid Tuberosity                                   | 59        |
| <i>Trail 4—Two Hills and a Valley</i>                | <b>60</b> |
| Greater and Lesser Tubercles, Intertubercular Groove | 60        |
| <b>Overview: Muscles of the Shoulder and Arm</b>     | <b>61</b> |
| <b>Synergists—Muscles Working Together</b>           | <b>63</b> |
| Shoulder   | 63        |
| Scapula  | 65        |

|   |            |
|---|------------|
| <b>Muscles of the Shoulder and Arm</b> .....                        | <b>67</b>  |
| Deltoid .....   | 67         |
| Trapezius .....   | 68         |
| Latissimus Dorsi and Teres Major .....                              | 71         |
| Rotator Cuff Muscles .....  | 74         |
| Rotator Cuff Tendons .....  | 79         |
| Rhomboid Major and Minor .....                                      | 82         |
| Levator Scapula .....   | 83         |
| Serratus Anterior .....   | 86         |
| Sternalis .....   | 88         |
| Pectoralis Major .....  | 89         |
| Pectoralis Minor .....  | 92         |
| Subclavius .....  | 94         |
| Biceps Brachii .....  | 95         |
| Tendon of the Long Head of the Biceps Brachii .....                 | 96         |
| Triceps Brachii .....   | 97         |
| Tendon of the Long Head of the Triceps Brachii .....                | 98         |
| Coracobrachialis .....  | 99         |
| <b>Ligaments and Other Structures of the Shoulder and Arm</b> ..... | <b>100</b> |
| Axilla .....  | 100        |
| Sternoclavicular Joint .....  | 101        |
| Ligaments of the Shoulder .....                                     | 102        |
| Glenohumeral Joint .....  | 103        |
| Coracoclavicular Ligament .....                                     | 104        |
| Coracoacromial Ligament .....                                       | 104        |
| Subacromial Bursa .....   | 105        |
| Axillary Lymph Nodes .....  | 105        |
| Brachial Artery .....   | 106        |

### **3 Forearm & Hand 107**

|   |            |
|---|------------|
| <b>Topographical Views</b> .....                    | <b>108</b> |

| <b>Bones of the Forearm and Hand</b> .....          | <b>110</b> |
| <b>Bony Landmarks of the Forearm and Hand</b> ..... | <b>111</b> |
| The Ulna and Radius .....                           | 112        |
| <b>Overview: Bony Landmark Trails</b> .....         | <b>113</b> |
| <i>Trail 1—Knob Hill</i> .....                      | <i>114</i> |
| Olecranon Process and Fossa .....                   | 114        |
| Epicondyles of the Humerus .....                    | 114        |
| Supracondylar Ridges of the Humerus .....           | 115        |
| <i>Trail 2—The Razor’s Edge</i> .....               | <i>116</i> |
| Shaft of the Ulna .....                             | 116        |
| Head of the Ulna .....                              | 116        |
| Styloid Process of the Ulna .....                   | 116        |
| <i>Trail 3—Pivot Pass</i> .....                     | <i>117</i> |

|  |            |
|--|------------|
| Head of the Radius .....   | 117        |
| Shaft of the Radius .....  | 117        |
| Styloid Process of the Radius .....  | 118        |
| Lister’s Tubercle .....  | 118        |
| <i>Trail 4—Walking on Your Hands</i> .....                                 | <i>119</i> |
| Carpals .....  | 119        |
| Pisiform .....   | 121        |
| Triquetrum .....   | 121        |
| Hamate .....   | 122        |
| Scaphoid .....   | 123        |
| Trapezium .....  | 123        |
| Scaphoid and Trapezium Tubercles .....                                     | 124        |
| Lunate and Capitate .....  | 125        |
| <b>Overview: Muscles of the Forearm and Hand</b> ...                       | <b>127</b> |
| <b>Synergists—Muscles Working Together</b> .....                           | <b>130</b> |
| Elbow .....  | 130        |
| Forearm .....  | 130        |
| Wrist .....  | 130        |
| Hand and Fingers .....   | 131        |
| Thumb .....  | 131        |
| <b>Muscles of the Forearm and Hand</b> .....                               | <b>132</b> |
| Brachialis .....   | 132        |
| Brachioradialis .....  | 133        |
| Distinguishing between the Flexor and Extensor Groups of the Forearm ..... | 134        |
| Extensors of the Wrist and Fingers .....                                   | 135        |
| Anconeus .....   | 139        |
| Extensor Indicis .....   | 139        |
| Flexors of the Wrist and Fingers .....                                     | 140        |
| Pronator Teres .....   | 146        |
| Pronator Quadratus .....   | 147        |
| Supinator .....  | 147        |
| <b>Overview: Muscles of the Thumb and Hand</b> ...                         | <b>149</b> |
| <b>Muscles of the Thumb and Hand</b> .....                                 | <b>151</b> |
| Long Muscles of the Thumb .....  | 151        |
| Short Muscles of the Thumb .....   | 154        |
| Lumbricals and Interossei .....  | 157        |
| Hypothenar Eminence .....  | 159        |
| <b>Ligaments and Other Structures of the Forearm and Hand</b> .....        | <b>160</b> |
| Radial Collateral Ligament .....   | 160        |
| Annular Ligament .....   | 161        |
| Ulnar Collateral Ligament .....  | 161        |
| Ulnar Nerve .....  | 162        |
| Olecranon Bursa .....  | 162        |
| Interosseous Membrane .....  | 162        |
| Retinacula of the Wrist and Palmar Aponeurosis .....                       | 163        |
| Radial and Ulnar Arteries .....  | 164        |

|   |     |
