

## INSTRUCTOR RESOURCE

# Applied Anatomy & Physiology for Manual Therapists, 2nd edition

## Page Conversion Chart

	1 <sup>st</sup> edition	2 <sup>nd</sup> edition
<b>1 – Applying Anatomy and Physiology to the Practice of Manual Therapy</b>	2	2
Levels of Organization	4	5
Homeostasis	5	6
Benefits and Physiologic Effects of Manual Therapy	8	9
Systems of the Body	8	11
<b>2 – The Body and Its Terminology</b>	16	18
Orientation to the Body	18	21
Common Anatomic Terminology	22	25
Pathology Basics: Classifications and Terminology	28	30
<b>3 – Chemistry, Cells, and Tissues</b>	34	36
Chemical Components of Cells	36	39
Structure of the Cell	39	42
Cellular Processes	41	45
Types of Tissue in the Body	46	50
<b>4 – Body Membranes and the Integumentary System</b>	56	58
Membranes	58	61
The Integumentary System	60	63
Layers of the Skin	60	64
Accessory Organs of the Integumentary System	65	68
Linking the Integumentary and Nervous Systems	68	71
Skin Conditions and Diseases	70	73
Aging and the Integumentary System	73	75
<b>5 – The Skeletal System</b>	76	80
Functions of the Skeletal System	78	83
The Skeleton	78	83
Bone Tissue and Structure	81	86
Bones and Their Landmarks	85	91
Joints	101	107
Aging and the Skeletal System	108	115

	<b>1<sup>st</sup> edition</b>	<b>2<sup>nd</sup> edition</b>
<b>6 – The Skeletal Muscle System</b>	<b>116</b>	<b>118</b>
Characteristics and Functions of Skeletal Muscle	118	121
Structure of Skeletal Muscle	118	121
Physiology of Muscle Contraction	122	125
Energy for Contraction	123	127
Types of Muscle Contraction	126	129
Movement and Muscle Assignments	128	132
Major Muscles of the Body	135	138
Exercise, Aging, and the Muscular System	156	158
<b>7 – The Nervous System</b>	<b>164</b>	<b>166</b>
Functional Organization of the Nervous System	166	169
Nervous Tissue	166	170
Nerves	170	172
Impulse Conduction	176	179
The Peripheral Nervous System: Sensory Structures and Functions	181	184
The Central Nervous System: Integrative Structures and Functions	187	189
The Peripheral Nervous System: Motor Structures and Functions	196	199
The Nervous System at Work	200	205
Aging and the Nervous System	205	210
<b>8 – Neuromuscular and Myofascial Connections</b>	<b>210</b>	<b>214</b>
Neuromuscular Reflexes	212	217
The Fascial System	218	223
Fascial Plasticity	224	231
Posture, Balance, and Coordinated Movement	228	234
<b>9 – The Endocrine System</b>	<b>234</b>	<b>242</b>
Hormones	236	245
Endocrine Glands and Tissues	240	249
The Stress Response	249	258
Aging and the Endocrine System	252	261
<b>10 – The Cardiovascular System</b>	<b>256</b>	<b>266</b>
Blood	258	269
Blood Vessels	261	272
The Heart	266	276
Circulation and Dynamics of Blood Flow	273	285
Inflammation and Tissue Healing	278	290
Aging and the Cardiovascular System	280	293
<b>11 – The Lymphatic System</b>	<b>286</b>	<b>298</b>
Lymph	289	302
Lymph Vessel Network	290	302
Lymph Nodes	293	307
Lymph Formation and Movement	296	309
Types of Edema	301	312
<b>12 – Immunity and Healing</b>	<b>306</b>	<b>318</b>
Organs and Tissues of the Immune System	308	321

	<b>1<sup>st</sup> edition</b>	<b>2<sup>nd</sup> edition</b>
Nonspecific Immune Defenses	311	324
Specific Immune Responses	314	328
Acquisition of Immunity	316	329
Aging and the Immune System	318	332
Psychoneuroimmunology	318	332
Thoughts on Holistic Healing	320	333
<b>13 – The Respiratory System</b>	<b>324</b>	<b>338</b>
Structures of the Respiratory System	326	341
Ventilation and Respiration	331	347
Control of Regulation and Breathing	335	349
Aging and the Respiratory System	337	352
<b>14 – The Digestive System</b>	<b>342</b>	<b>356</b>
Functions of the Digestive System	344	359
Gastrointestinal Tract	345	360
Accessory Digestive Organs	354	368
Metabolism and Nutrients	356	370
Diet and Health	359	373
Aging and the Digestive System	360	374
<b>15 – The Urinary System</b>	<b>364</b>	<b>376</b>
Components of the Urinary System	366	379
Role of the Urinary System in Fluid Management	369	382
Urine Formation and Composition	371	384
Aging and the Urinary System	374	387
<b>16 – The Reproductive System</b>	<b>376</b>	<b>390</b>
Common Structures and Physiology	378	393
Male Reproductive System	378	393
Female Reproductive System	381	397
Pregnancy and Childbirth	385	400
Aging and the Reproductive System	389	404
<b>Appendices</b>		
Appendix A: Benefits and Physiologic Effects of Swedish Massage	392	407
Appendix B: Innervation of Major Skeletal Muscles	395	411
Appendix C: Answer Key	400	417
